**Featured products:** The Ojai Cook Bite Back Tartar Sauce with jalapeños, horseradish and sweet pickle was a 1997 Silver Medal Finalist at the New York Fancy Food Show and is great with seafood of all kinds, from tuna to crab cakes. The company offers a recipe for a Bite Back Tuna Salad using the tartar sauce in place of mayo. Also, for a great dip for shrimp, mix Bite Back with equal parts non-fat yogurt to cut the fat but not compromise the taste.

The Ojai Cook Bite Back Tartar Sauce and Sassy Seafood Sauce from Q&B Foods

The Sassy Seafood Sauce is a grown-up cocktail sauce featuring a perfect balance of heat and sweet. With chunks of tomato, bell pepper, jalapeño and ginger, this sauce is amazing with anything that swims and is better than catsup with meatloaf or burgers. Use it to make a spicy tomato chutney with fresh herbs that's a great condiment for barbecue or cold roast beef.
